

Module 5 Change & Verification Report

1. Traceability & Context Map

- **Target Module:** Module 5 — Compression Learning
- **Reconstruction Date:** 2026-09-15
- **Auditor:** PlayIQ Swarm Coordinator (`playiq-coord`) & Antigravity
- **Status:** Complete & Verified (Paired PDF compiled, Drive verified)

2. Change Summary

Section	Detail
Previous Problem	Previous draft lacked a structured active experiment on recall formats and did not connect memory rules back to the student's profile.
Nodes Fully Restored	Node 1: Compression vs. Deletion (preserving core relationships while eliminating noise). Node 2: The 3-Ways Rule (Explaining a concept to a 10-year-old, a classmate, and an exam grader). Node 3: The 1-Page Understanding Card architecture (Core claim, 3 pillars, anchor formula/quote, dangerous non-example). Node 4: Active Teach-Back and verification loop.
New Interactive Labs	Learn How You Learn Lab: Active comparison testing Audio Summary vs. Visual Understanding Card vs. Socratic Teach-Back on recall durability.
Tutor Rule Staged	Rule 5 (`compression-format`): Staged in Learning Supercharger Blueprint, dictating how Orion compresses large textbook chapters and notes for the student.
Knowledge File Updated	Structured YAML record appended to `student_profile.yaml` under `How I Learn Best`.
Proof Artifact	`1-Page Understanding Card` created for an actual school unit, verified for high compression ratio and zero factual loss.
Mastery Check Challenge	The 3-Minute Condenser Boss Battle: Compressing an entire multi-page school chapter into a single bulletproof Understanding Card and passing a 3-way recall test.

3. Verification Scorecard (9-Part Non-Negotiable Quality Gates)

Component	Status	Evidence in Text
A. Lightning Hook	PASS	Part 0: The 45-second compression hook (Seasons text message dilemma)
B. Learn How You Learn Lab	PASS	Part 3: Active Recall Trial comparing Audio, Visual Card, and Teach-Back
C. Active Method Comparison	PASS	Part 4: Comparative matrix tracking 24-hour recall, cognitive effort, and synthesis
D. Evidence Capture	PASS	Quantitative scores across all 3 compression modalities
E. Pattern Interpretation	PASS	Analysis of deep encoding vs. superficial recognition
F. Blueprint Rule Staging	PASS	Part 6: Rule 5 (`compression-format`) with review checkpoint
G. Knowledge File Record	PASS	Part 7: Structured YAML calibration block for `student_profile.yaml`
H. Proof Artifacts	PASS	Part 8: 1-Page Understanding Card with source verification
I. Mastery Check / Boss Battle	PASS	Part 9: The 3-Minute Condenser Boss Battle challenge

Report compiled and verified by PlayIQ Reconstruction Lane.
